Attestation letter for Qualification on Structures Test Type

Dear Madam, Dear Sir,

We herewith inform that the couples <Test Type / Test Facility> as detailed in the Appendix have been either registered or modified in the Official Airbus Qualified Test Methods List (QTML) Database.

The latest valid status of all qualified < Test Type / Test Facility > couples is published by regular QTML reports:
- On Airbus homepage for Suppliers (<http://www.airbus.com/tools/airbusfor/suppliers/>) - Only Independent Labs.
- On Airbus Supply Portal A2QS - All External Shops.

A qualified couple is not linked to a specific product. It is the proof that the Test Laboratory is meeting the requirement of the M20691.2: Perform Couple <Product/Supplier Site> Compliance and Maturity's Activities for Material Products Suppliers and/or M20691.3: Perform Couple <Product/Supplier Site> Compliance and Maturity's Activities for Aerostructure Parts Suppliers.

We remind you that the maintenance of your Test Types Qualification depends on your monitoring on quality and technical aspects and is surveyed by Airbus on a regular basis, every year or every 2 years. On a quality aspect: we kindly ask you to indicate us any modification which could have a quality impact.

Airbus reserves the right to withdraw or suspend the qualification at any time for specific reason, e.g.

- Any major incident(s) detected on one or several Test processes
- Lack in quality
- Evidence non-compliance with the M20691.2 and/or M20691.3
- Loss of Airbus Supplier Approval
- Stop of the Business
- Major modification on testing machines
- Introduction of new testing machines
- Plant Re-location

Yours faithfully,

NUNEZ Cesar
Test Methods Auditor POMDT - CE

SAUX Alexandra
Test Methods Coordinator POMDT- CE

Appendix: matrix of qualified couples <Test Type / Test Facility>

Appendix: matrix of qualified couples <Test Type / Test Facility>

We hereby declare the Test Laboratory
