

## Analytical Lab Group Executive Letter of Qualification Regulatory and Technical Compliance for Antimicrobial Efficacy Testing

Analytical Lab Group, previously conducting business under the names Accuratus Lab Services and ATS Labs, is an internationally recognized testing laboratory. For 30+ years Analytical Lab Group has provided the highest quality antimicrobial testing services to the disinfectant/germicide, pharmaceutical, biotech and medical device industries. We deliver the broadest range of microbiological and virucidal efficacy testing; as well as analytical chemistry services to support clients from new product development through label claim documentation and end-use efficacy qualifications. Analytical Lab Group maintains a rigorous Good Laboratory Practice (GLP) program per U.S. FDA 21 CFR Part 58 and U.S. EPA 40 CFR Part 160. In any given year, Analytical Lab Group conducts greater than 60% of the GLP efficacy studies that are reviewed and approved by the United States Environmental Protection Agency (U.S. EPA) to support antimicrobial product registrations.

Our staff is comprised of degreed scientific professionals with decades of hands-on technical and regulatory experience including microbiologists, virologists, chemists and quality assurance auditors. We are happy to provide resumes or curriculum vitae for staff upon request. We leverage this technical and regulatory expertise to provide innovative testing for client-tailored applications to meet ever-changing regulatory requirements.

We have been audited by official inspectors with the U.S. EPA numerous times over the past 30+ years for compliance with U.S. EPA Code of Federal Regulations 40 CFR Part 160 Federal Insecticide, Fungicide and Rodenticide Act (FIFRA): Good Laboratory Practice Standards. Additionally, Analytical Lab Group has been inspected by the U.S. Food and Drug Administration and the U.S.D.A. Analytical Lab Group maintains a flawless record of compliance with all applicable federal regulations. We have never had a single compliance finding in any regulatory inspection, including our most recent U.S. EPA inspection and audit performed in December 2019.

### RECENT INSPECTION HISTORY

Recognized External Regulatory Authority	Date of Inspection	Results of Last Inspection
U.S. EPA	December 2019	No Compliance Findings
U.S. FDA	August 2017	No Compliance Findings
U.S. EPA	September 2016	No Compliance Findings
U.S.D.A.	April 2016	No Compliance Findings

Copies of regulatory inspection closure letters confirming the results of the inspections noted above are available at any time upon request.
