LETTER OF RECIPROCAL CERTIFICATION

March 4, 2024

Tristan Davis
Element Materials Technology
2417 West Pinhook Road
Lafayette, LA 70508

Dear Tristan Davis:

The Drinking Water Laboratory Certification program of the Indiana Department of Health, has reviewed your request to become a certified laboratory for chemical analyses of drinking water in the state of Indiana, pursuant to the requirements under the Safe Drinking Water Act (SDWA) 42 U.S.C. 300f et seq., the National Primary Drinking Water Regulations (NPDWR) 40 CFR 141 and 142, and the Indiana Primary Drinking Water Regulations (IPDWR) 327 IAC 8-2. Your submittal package contained certification information for the state of Louisiana, citing on-site inspections and the analysis of water supply (WS) proficiency testing (PT) samples from a Louisiana approved proficiency testing program.

Based on Indiana's policy of approving laboratories that are certified for drinking water analyses by states whose programs are approved by USEPA, and based on the results of the WS studies provided, the program issues the following determination, pursuant to IC 4-21.5-3-5:

- The laboratory shall be granted full certification for: *copper and lead*, (as indicated on the Louisiana certification letter/certificate).

The laboratory has been assigned laboratory number C-LA-01. This identification number is to be used on all reports for compliance monitoring of public water supplies to the Indiana Department of Environmental Management (IDEM). The expiration of Indiana certification will be the date that the laboratory's Louisiana certification expires (**December 31, 2024**). Indiana certification has been continuous and uninterrupted since last issued January 5, 2023.

To **promote**, **protect**, and **improve** the health and safety of all Hoosiers.

2 North Meridian Street • Indianapolis, Indiana 46204 • 317-233-1325 • health.in.gov

An equal opportunity employer.

The Indiana Department of Health is accredited by the Public Health Accreditation Board.

In addition, the laboratory is required to provide the certification officer with the following documents, as they become available: **[1]** any change in certification status or expiration date of Louisiana certificate **[2]** the report generated by the on-site assessment/audit performed by certifying authority (Louisiana), and **[3]** reports of WS PT sample analysis.

If you wish to seek review or stay of the effectiveness of this determination, pursuant to IC 4-21.5-3-7, you are required to submit, in writing, a petition, on or before April 4, 2024, to:

Office of the Secretary
Indiana State Department of Health
2 North Meridian Street
Indianapolis, IN 46204

The petition for review or stay must include facts demonstrating that:

- The petitioner is a person to whom the determination is specifically directed;
- The petitioner is aggrieved or adversely affected by the agency determination; or,
- The petitioner is entitled to review under any law.

Questions concerning the certification status granted by this letter should be directed to Katie Sullivan, Laboratory Certification Officer, 317 921-5505.

Dated at Indianapolis, Indiana, this 4th day of March 2024.

Sincerely,

Lixia Liu, PhD MP(ASCP) D(ABMM)
Director, Indiana Department of Health Laboratories
Indiana State Department of Health
550 West 16th Street
Indianapolis, Indiana 46202
317 921-5808

CC: Jennifer Campbell (IDEM), Roger Svendsen (IDEM)
