

Non-Technical Data for ITAR

BAE SYSTEMS F-35 Lightning II Programme

Report 1 - Buyer Approved Processes Register - Ref: BAES-JSF-QMS-500-04-RG (SUPPLIER SORT)

Operational Notes

This F-35 Lightning II Buyer Approved Processes Register (BAPR) identifies the Part 1 Subcontractors to the F-35 Lightning II Programme who are approved to undertake processes that require Buyer Approval (Buyer Approved Processes). The buyer is considered to be BAE Systems F-35 Lightning II Programme.

This Buyer Approved Processes Register (BAPR) is supplementary to the SC10 Register of Evaluated Suppliers. Before any Subcontractor is permitted to undertake Buyer Approved Processes, they MUST be listed in SC10 and this Register.

Only Part 1 Subcontractors listed in SC10 and this Register are permitted to undertake Buyer Approved Processes for the F-35 Lightning II Programme.

F-35 Lightning II Part 1 Subcontractors who are listed in SC10 can use other Subcontractors listed in SC10 and this Register to undertake Buyer Approved Processes without further authority from the BAE Systems F-35 Lightning II Programme Supply Chain QA Team. When performing or subcontracting work, the scope of SC10 and BAPR approvals, including any limitations or conditions therein, must be taken into consideration.

The Supplementary Quality Requirements for Suppliers to the F-35 Lightning II Program (ref: BAES-JSF-QMS-141-03-DV) refers to the BAPR. (BAES-JSF-QMS-141-03-DV is included in the Purchase Order (PO) Terms and Conditions for F-35 Lightning II)

IMPORTANT: It is the sole responsibility of the Subcontractor to ensure the latest revision of this report, as periodically issued by the BAE Systems F-35 Lightning II Programme Supply Chain QA Team, is available and used within their organisation.

APPROVED

Process Capability Evaluated - Validated by Audit / Surveillance

REVOKED

REVOKED Process no longer approved. This may be due to process issues, the process approval is no longer required or the process is no longer performed.
